Investment information provided in this content is general in nature, strictly for illustrative purposes, and may not be appropriate for all investors. It is provided without respect to individual investors' financial sophistication, financial situation, investment objectives, investing time horizon, or risk tolerance. You should consider the appropriateness of this information having regard to your relevant personal circumstances before making any investment decisions. Past investment performance does not indicate or guarantee future success. Returns will vary, and all investments carry risks, including loss of principal. Moomoo makes no representation or warranty as to its adequacy, completeness, accuracy or timeliness for any particular purpose of the above content.

Moomoo is a financial information and trading app offered by Moomoo Technologies Inc.

In the U.S., investment products and services available through the moomoo app are offered by Moomoo Financial Inc., a broker-dealer registered with the U.S. Securities and Exchange Commission (SEC) and a member of Financial Industry Regulatory Authority (FINRA)/Securities Investor Protection Corporation (SIPC).

In Singapore, investment products and services available through the moomoo app are offered through Moomoo Financial Singapore Pte. Ltd. regulated by the Monetary Authority of Singapore (MAS). Moomoo Financial Singapore Pte. Ltd. is a Capital Markets Services Licence (License No. CMS101000) holder with the Exempt Financial Adviser Status. This advertisement has not been reviewed by the Monetary Authority of Singapore.

In Australia, financial products and services available through the moomoo app are provided by Moomoo Securities Australia Limited, an Australian Financial Services Licensee (AFSL No. 224663) regulated by the Australian Securities and Investment Commission (ASIC). Please read and understand our Financial Services Guide, Terms and Conditions, Privacy Policy and other disclosure documents which are available on our website <https://www.moomoo.com/au>.

In Canada, order-execution only services available through the moomoo app are provided by Moomoo Financial Canada Inc., regulated by the Canadian Investment Regulatory Organization (CIRO).

In Malaysia, investment products and services available through the moomoo app are offered through Moomoo Securities Malaysia Sdn. Bhd. regulated by the Securities Commission Malaysia (SC). Moomoo Securities Malaysia Sdn. Bhd. is a Capital Markets Services Licence (License No. eCMSL/A0397/2024) holder. This advertisement has not been reviewed by the SC.

Moomoo Technologies Inc., Moomoo Financial Inc., Moomoo Financial Singapore Pte. Ltd., Moomoo Securities Australia Limited, Moomoo Financial Canada Inc., and Moomoo Securities Malaysia Sdn. Bhd. are affiliated companies.

In New Zealand, financial services are offered by Moomoo Securities Australia Ltd, NZBN: 942 905 240 2296, a financial services provider registered in New Zealand (FSP1008656). All investments carry risks. Before applying, consider the Financial Services Disclosure Statement and other disclosures available.

Disclaimer (US)

This section uses platform tools to demonstrate how traders can research volatility patterns. All examples shown are for educational purposes only and should not be taken as trading or investment advice.

The content of this section is designed solely for informational and demonstration purposes regarding options. All cited examples are hypothetical, are not intended to represent any form of investment advice, and should not be considered a guarantee of investment returns. The case studies are to be used exclusively for educational illustration and are not a recommendation directed at any individual investor. They should not be regarded as specific investment guidance.

Options trading entails significant risk and is not appropriate for all customers. It is important that investors read [Characteristics and Risks of Standardized Options](https://j.moomoo.com/017y9J) (<https://j.moomoo.com/017y9J>) before engaging in any options trading strategies. Options transactions are often complex and may involve the potential of losing the entire investment in a relatively short period of time. Certain complex options strategies carry additional risk, including the potential for losses that may exceed the original investment amount. Supporting documentation for any claims, if applicable, will be furnished upon request.

Options trading subject to eligibility requirements. Strategies available will depend on options level approved.

Moomoo does not guarantee favorable investment outcomes. The past performance of a security or financial product does not guarantee future results or returns. Customers should consider their investment objectives and risks carefully before investing in options. Because of the importance of tax considerations to all options transactions, the customer considering options should consult their tax advisor as to how taxes affect the outcome of each options strategy

Past performance is no guarantee of future results.

Investors are advised to read and understand the contents of the relevant disclosure documents before investing. Investors should understand the risks involved in relation to the products and services, conduct their own risk assessment and seek professional advice, where necessary. Investors should compare and consider the fee, charges and costs involved.

Q&A

Leave your questions at the comments

Earnings > Stock Reaction

How will the stock price react to earnings and guidance?

**Beat Earnings,
Strong
Guidance,
Low Valuation**

Likely to cause a significant price increase due to positive market sentiment.

**Beat Earnings,
Weak
Guidance,
High Valuation**

May lead to a price drop or remain flat due to conflicting signals.

**Miss Earnings,
Strong
Guidance,
Cheap Stock**

Could still result in a price rise as guidance outweighs earnings.

**Meet Expectations,
High Hype**

Often results in a sell-the-news reaction, causing a price decrease.

The MAG7 Through an Options Lens

In MooSummit: Options Explained, Alwin's session was all about the MAG7 and how options traders can approach them thoughtfully.

The Magnificent 7 have become a focal point in today's market — not just because of their size, but because of how consistently they influence price action. Collectively, they make up around...
